

Main Features

- Cooling adapters, hunting horn siphons, U-type siphons
- Steel and stainless steel
- Max. 400 °C
- Max. 400 bar

Applications

- Oil & Gas / Chemical
- Water & Waste water
- Energy
- Machinery

Description

Siphons are used to protect measuring instruments from high temperatures. Hunting horn and U-type siphons are especially recommended for steam applications.

Cooling adapters (ASIP-D) can also be used between diaphragm seals and measuring instruments.

The pressure / temperature rating is according to DIN 16282 or ANSI B36.10 (schedule 40, 80 or 160).

Maximum operating pressure

	Max. pressure (bar)				
	Tube	80 °C	120 °C	300 °C	400 °C
DIN 16282	14.8 x 20	100	100	80	63
Schedule 40	9 x 12	250	160	100	80
Schedule 80	13.9 x 21	300	300	160	100
Schedule 160	11.8 x 21	400	400	250	160
